DEFENSE INTRODUCES EVIDENCE TO IMPEACH TESTIMONY OF J. HULL

Sheriff Slabaugh and Deputies Take Five Prisoners to Knox County as Witness for Defense

SEVENTY-FIVE WITNESSES ANSWER TO NAMES

Many Testify That Joshua Hull's Testimony Before Mayor and That in Bolton Case Do Not Agree --Defense Working Rapidly.

Mt. Vernon, April 20.—The largest crowd of witnesses that has yet come to Mt. Vernon in attendance upon the Bolton murder trial, got off B. & O. train No. 7 this morning and went to the court house. Among the number were Weldon Denny, J. M. Marlow, Ed Schaeller, Edgar Owens and C. E. Mulligan, who are confined in the county jail at Newark, charged with murder in the first degree in connection with the Etherington lynching. They were brought up by Sheriff F. E. Slabaugh, assisted by Deputies G. W. Taylor and O. C. Martin. These men with Watha, McKinley and Timmons, were subpoenaed by the defense. Seventy-five witnesses answered to their names and were sworn.

Arrangements were made to call the Newark prisoners early, so that they could take the 11:30 train returning to Newark. It was seen that the defense would attempt to impeach the testimony of Joshua Hull, who testified on Wednesday that on the night of the lynching he had seen ~~Bolton at~~ or near the jail.

Mayor John Ankele was the first witness called and was examined by Mr. Fitzgibbon. He testified that he had presided at the preliminary hearing of Lewis Bolton and that Joshua Hull had testified at that time that he had not seen Bolton that night.

Cross-examined by Miller:

"There was no transcript taken of the testimony and my memory is what I depend upon."

CHARLES SWANK.

captain of Newark police, by Fitzgibbon: "Hull testified at preliminary hearing that he had not seen Bolton that night."

Cross-examined by Miller. "Am depending upon my memory."

CHARLES HAGER.

examined by Fitzgibbon: "Station house keeper at Newark: heard Joshua Hull testify before the mayo. that he had not seen Bolton that evening: saw Lewis Bolton on the afternoon of July 8th. at the office of the city prison: Constable Forgraves was with him and had a warrant for the arrest of one of the dry detectives, but did not know the name." Any conversation betwen Forgraves and Hager was not allowed to be testified to.

"I let Bolton and the constable in the prison to identify the man they wanted. They looked at all the men in there, and the man in one of the cells was identified by Bolton as the one wanted: didn't hear Bolton say to Caudell in one of the cells, 'Get up, you big s— b— I want to take a look at you': didn't hear him say 'we 've got one of you fellows and will get some more before night: I was close to Bolton guarding the door: at no time during that evening was there more than three or four people around the city prison at one time: let the detectives out that night and no one was there, but those who had business."

Cross-examined by Miller. "Am relying on my memory.

HARRY D. HALE.

city editor of the Advocate. Newark, examined by Fitzgibbon.

"Remember Joshua Hull's testimony before the mayor. Hull said he had not seen Bolton that evening; saw Bolton myself that evening standing in front of his place of business;" saw him more than once several times, as I went back and forth to the jail. standing at about the same place; I went to the jail to see what the mob was doing. they were then on the second floor and a young man announced that the mob had one more door to get through: passed Bolton on my way back to the Advocate office, in front of his place of business, and talked with him; Bolton stopped me and asked me what progress the mob was making, and if I had interviewed the sheriff in regard to getting troops to Newark; I told him that the troops could not be gotten and he said 'that's too bad, this lynching ought to be stopped by all means; if things had stopped with the shooting of Howard the sympathy would all be with the wets.' "

Cross-examined by Miller: "Depending upon my memory."

DELL NICHOLS.

"Heard Hull testify before the mayor that he had not seen Bolton that night: saw Bolton at about 10:20 when mob brought Etherington past his place; after they passed Bolton went back into his saloon."

JOHN SWISHER.

cigar manufacturer: examined by Fitzgibbon: "Heard Joshua Hull testify before the mayor that he had not seen Bolton that evening: was down town the evening of July 8th with my wife in my automobile at the First National bank corner; got there about 7 o'clock and remained there until after the crowd passed us with Etherington; Dr. and Mrs. Sedgewick were with us; saw Lewis Bolton when we got to bank corner, standing in front of his place; saw him frequently while we were sitting there; did not see him go away at any time: have known him all his life."

Cross-examined by Miller: "Am depending upon my memory about Hull's testimony."

CHARLES E. MATTHEWS.

examined by Fitzgibbon: "Heard Joshua Hull's testimony before the mayor: think he testified that he had not seen Bolton that night: saw Bolton the night of the lynching in front of his place of business."

Cross-examined by Miller: "Was a witness at Bolton's preliminary hearing."

HARRY FRAD.

"He and Joshua Hull testified at Bolton's hearing that he had not seen defendant that night: was with Bolton a good part of that evening in front of his place of business and did not see Bolton walk toward the jail: was in Bolton's place several times that afternoon: saw no free drinks given away: the cash register was working."

Cross-examined by Smythe "Was a witness at Bolton's preliminary hearing: depend upon my memory about Hull's testimony: met Bolton that night about 9 o'clock and was with him until the crowd yelled, 'we've got him': remember seeing Harry Hale and Dell Nichols when they went past.

FRED S. WRIGHT.

banker, examined by Mr. Fitzgibbon: 'Saw a traveling man stop near the bank and make to identify himself the afternoon of the riot, by two men. Bolton was not one of these two men."

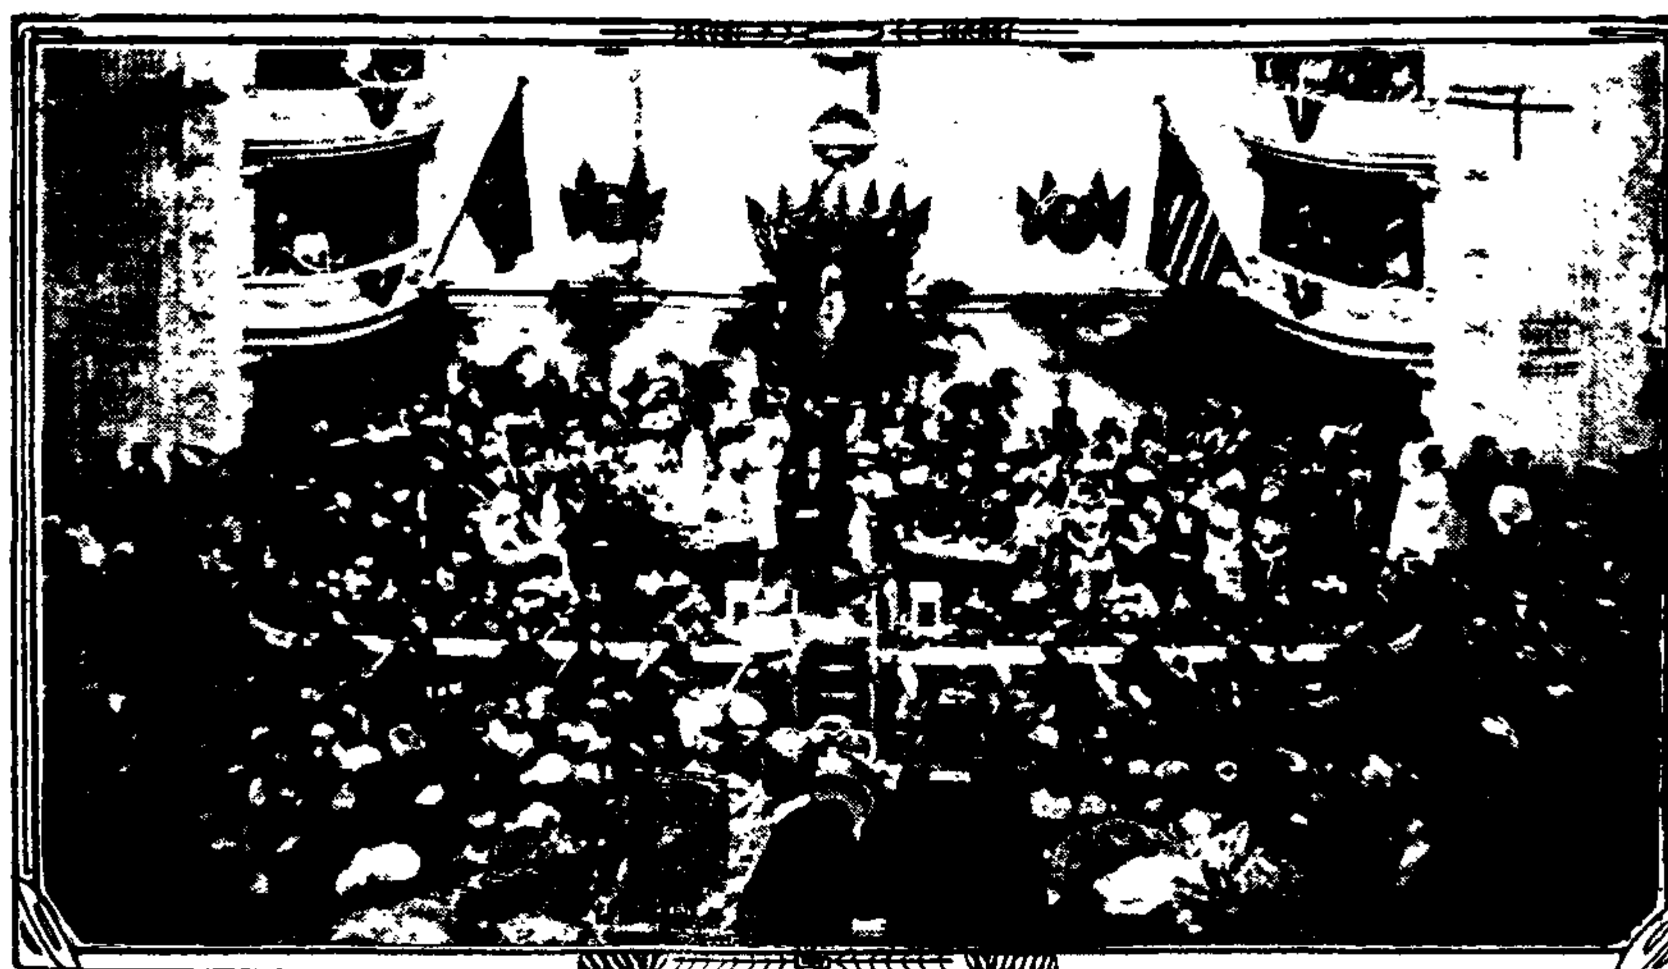

No cross-examination.

EX-SENATOR HOUCK WILL SPEAK HERE

The committee having in charge the arrangements for the anniversary of the founding of Odd Fellowship announces that they have secured the acceptance of Past Grand Master Lewis B. Houck, of Mt Vernon, to address the members of the order and their friends on that occasion. The services commemorating this event will be held on the afternoon of Sunday, April 23, at 2:30 p. m., at Odd Fellows' hall, on the east side of the public square.

A cordial invitation is extended to all Odd Fellows, their families and friends to hear Brother Houck, who is recognized as not only as one of our foremost members, but one of the ablest exponents of the teachings of the order.

REDISTRICTING BILL IS INTRODUCED IN HOUSE BY REPRESENTATIVE FULTON

Columbus, April 20.—Representative Fulton of Licking yesterday introduced the congressional apportionment bill, on which the federal relations committee of the house has agreed and on which the house will vote.

Under suspension of the rules by unanimous consent Chairman Fulton's bill was read twice and referred to the committee, which probably will report it for passage early next week.

It is admittedly a Democratic party measure, creating 11 Democratic districts and 10 Republican districts, on the basis of the Taft-Bryan vote of 1908, when Taft had a plurality of 69,591.

To give the Democrats a majority of one congressman on that vote, heavy Republican counties are bunched in districts with huge Republican pluralities and Democratic counties are distributed into districts with small, but fairly safe, Democratic pluralities. To accomplish this, the legal requirement for equality of population is stretched to the limit, though the requirement for compact districts of contiguous counties is fairly well observed.

The population standard for a district in Ohio is given 21 members, is 227,000.

The eleven Democratic districts, as figured by Chairman Fulton, have an aggregate Democratic plurality of 25,076, while the ten Republican districts have an aggregate Republican plurality of 63,611.

The Fulton bill annexes Union county to Franklin and renames the Columbus district the Eleventh. Union is strongly Republican and its addition to Franklin makes this district safely Republican, short of political revolution.

These are the proposed districts:

District Divisions.

First—Eastern half of Hamilton county.

Second—Western half of Hamilton county.

Third—Butler, Montgomery and Greene counties.

Fourth—Preble, Miami, Darke, Shelby Mercer, Auglaize and Clark counties.

Fifth—Van Wert, Putnam Paulding, Defiance, Henry Williams, Fulton and Wood counties.

Sixth—Scioto, Clermont, Warren, Clinton, Highland, Brown and Adams counties.

Seventh—Pike, Ross, Pickaway, Fairfield, Hocking, Fayette and Madison counties.

Eighth—Champaign, Logan, Hardin, Allen, Hancock, Wyandot and Seneca counties.

Ninth—Lucas, Ottawa and Sandusky counties.

Tenth—Lawrence, Gallia, Jackson, Meigs, Vinton and Athens counties.

Eleventh—Franklin and Union counties.

Twelfth — Washington, Monroe, Noble, Muskingum, Perry and Morgan counties.

Thirteenth — Guernsey, Belmont, Harrison, Jefferson and Carrol, counties.

Fourteenth—Erie, Huron, Crawford, Richland, Marion and Lorain counties.

Fifteenth—Ashland, Wayne, Summit and Portage counties.

Sixteenth—Stark and Columbiana counties.

Seventeenth—Morrow, Delaware, Licking, Knox, Holmes, Coshocton and Tuscarawas counties.

Eighteenth—Ashtabula, Trumbull and Mahoning counties.

Nineteenth—West side of Cleveland.

Twentieth—East side of Cleveland.

Twenty-first—Cuyahoga county, outside of Cleveland, Lake, Geauga, and Medina counties.

Political Complexion.

The ~~political~~ complexion of the districts is shown as follows:

Districts.	Dem.	Rep.
First	....	16000
Second	2000	.....
Third	835	.....
Fourth	2753	.....
Fifth	2608	.....
Sixth	....	3793
Seventh	1468	.....
Eighth	1156	.....
Ninth	....	217
Tenth	....	11149
Eleventh	....	6599
Twelfth	....	879
Thirteenth	....	6967
Fourteenth	538	.....
Fifteenth	864	.....
Sixteenth	....	4716
Seventeenth	2255	.....
Eighteenth	....	8591
Nineteenth	5541	.....
Twentieth	4055	.....
Twent-first	....	5000
Totals	25076	63611

The proposed districts vary in population as follows:

First and Second, in Hamilton county, is evenly divided, each 230,366. Third, 263,767; Fourth, 261,694; Fifth, 220,638; Sixth, 204,498. Seventh, 186,147; Eighth, 244,347; Ninth, 250,259; Tenth 182,512. Eleventh, 243,438; Twelfth, 197,248; Thirteenth, 219,932; Fourteenth, 264,244; Fifteenth 199,589, Sixteenth, 199,607. Seventeenth, 218,047, Eighteenth, 228,464, Nineteenth, 230,366; Twentieth, 230,466, Twenty-first, 137,894

Chairman Fulton expects opposition to the measure and endeavored to have a Democratic caucus of both houses to agree on a re-districting bill. "When the bill comes to a vote," he said yesterday, "it will be apparent that the apportionment is a local issue, as General Hancock said of the tariff. Every member will have an amendment."

To carve a Democratic district out of Hamilton county the bill gives Nicholas Longworth 16,000 majority in the First district, so that Congressman Allen may have 2000 Democratic majority in the Second.

The Dayton district, represented by Congressman Cox loses Preble county and gains Greene county, thus reducing its Democratic plurality.

General Keifer of Springfield may give up hope of getting back to congress as Clark county, along with Miami, is placed in the Democratic Fourth to make up for the loss of Allen. Fulton and Wood are taken from the Toledo district and added to the Democratic Fifth, while Democratic Sandusky is added to the Ninth. Congressman Denver's district, the Sixth, loses Greene county and gets Adams and Scioto. The Seventh loses Clark and Miami and gets Fairfield Ross and Hocking from the old Eleventh, the Grosvenor district, and Pike from the Tenth. The stormy Tenth parts with Scioto Adams and Pike, half its territory, and gets half the Grosvenor district, Athens, Vinton and Meigs.

The Eighth is made Democratic by lopping off Union and Delaware and taking on Allen, Wyandot and Seneca. This makes a one-termer of Congressman Willis.

The old Fifteenth, the Zanesville-Marietta district, loses Guernsey, takes Perry from the Eleventh and Monroe from the Sixteenth, is renamed the Twelfth and is so Democratic as to insure the re-election of Congressman White. The old Sixteenth, the Steubenville district, is made strongly Republican by trading Monroe for Guernsey.

The Thirteenth and Fourteenth are cut to pieces. Erie, Crawford and Marion of the Thirteenth are added to the Fourteenth, which loses all its former counties except Richland, Huron and Lorain.

Ashland from the Fourteenth, Wayne from the Seventeenth, Summit and Portage from the Nineteenth are made into a new district called the Fifteenth. The old Eighteenth, the McKinley district, loses Mahoning and is named the Sixteenth.

Chairman Fulton took care of his own district, the Seventeenth. Delaware, Morrow and Knox are annexed and Wayne placed in the Fifteenth. Congressman Ashbrook is said to be well satisfied with the district.

Of the famous Nineteenth district nothing is left but Ashtabula and Trumbull, to which Mahoning is added from the Eighteenth.

COMPROMISE LIABILITY MEASURE IS REPORTED

Columbus, April 20.—After weeks of diligent effort the special committee of 10 reported yesterday to the house, through Chairman Ratliff its compromise employers' liability bill. The compromise is fairly satisfactory to the representatives of the employers and employes who have worked to bring about a workman's compensation act, which at one time seemed doomed, because of radical differences of views.

The last amendment voted into the report provides that workmen permanently disabled by accident shall receive two-thirds of their wages for life instead of payments during six years, not to exceed $3,400.

Employers are to pay 90 per cent and employes 10 per cent of the assessment against a factory for the compensation fund, which is to be administered by the state board.

The employe may not sue for damages unless the employer has failed to observe laws safeguarding machinery and protecting employes.

The report was signed by Representatives Ratliff, Evans of Cuyahoga, Geleerd, Beil, Wyman, Shanley and Gebhardt. Representatives Crawford, Lowry of Lawrence and Reid, did not sign the report because they felt the employes should pay a larger proportion of the award fund.

NO MORE TEMPERANCE BILLS IN THE HOUSE

As chairman of the house committee on temperance, Representative Smith Welch of Ottawa, yesterday authorized the announcement that that body would not again be called together this session to consider bills relating to the liquor question.

The two bills now pending in that committee, one by Senator Dean, limiting the number of saloons to one for each 500 inhabitants, and the Lorenz bill permitting sales by manufacturers in dry territory of liquor or beer in wholesale lots, will die in the file box.

They will not be presented unless the house votes to relieve the committee of them," was his statement. "If there is to be any further effort at relief it will be through the amendment of other bills.

LAST SCHOOL BOOK BILL IS KILLED.

Its author being the only member interested enough to speak in its favor, the Yount school book bill, the last hope of the redemption of the school-book plank in the Democratic platform, was defeated in the Senate yesterday afternoon, the vote being exactly the same as that which defeated the bill several weeks ago, 14 to 17.

REBELS SET SIX O'CLOCK AS LIMIT

Non-Combatants Flee to El Paso for Safety

PEACE EMISSARY IN U.S.

Diaz Blames Americans for Condition Which Taft Asks Mexicans to Remedy.

El Paso, Texas, April 20. — Six o'clock tonight is the time limit set for the surrender of Juarez, according to latest advices from there. General Navarro has not replied to Madero's ultimatum to that effect, and work on the defenses continue. The latter are practically completed and all non-combatants are in El Paso, while the American soldiers are preventing Americans from crossing to Juarez.

MAY GRANT DEMANDS MADE BY THE REBELS.

Washington, April 20. — It was stated here today that a millionaire plantation owner of Mexico was sent here last week by Diaz to arrange peace terms with Doctor Gomez, diplomatic head of the insurrectos. Gomez is said to have demanded amnesty for all rebels, Diaz's retirement the removal of practically all the governors of Mexican states and the retirement of Limantour from the cabinet. The emissary stated all the demands might be granted except that relating to Diaz.

PRES. DIAZ BLAMES U. S. IN REPLY TO TAFT.

Washington, April 20.—Callers at the White House today unite in saying that President Taft seems to consider the unfavorable Diaz reply as a trivial incident to be expected in diplomatic exchanges. This reply has not been formally transmitted, but in official circles it is said that personal messages from Mexico City state that the replies to Taft's note of Saturday will be unsatisfactory.

It is said President Taft has received an intimation to this effect from Ambassador Wilson in Mexico City. Officially it is reported that the Diaz government has created the impression in and around the capital that the revolutionary army is almost solidly American, and that the revolution is practically a gringo invasion. It is said that Diaz's reply, instead of promising protection for American lives and property on the border, blames the Americans for the trouble there and announced a mere repetition of former neutrality orders.

The note is reported to contain complaints that American officers and troops at Douglas have aided the rebels in various ways, and that a federal officer was wounded by a shot fired from the American customs house at Douglas. It is charged that a rebel who put his gun out of order crossed the line and had it repaired by an American trooper. The whole tenure of the note blames the United States for a condition which Taft specifically asked Diaz to remedy.

PEACE NOT A DREAM.

Washington, April 20.—Developments yesterday indicated to President Taft and other administration officials that peace in Mexico may not be a dream and that there is reason to believe that the Mexican authorities will adopt a "definite, restrictive police along the border" to prevent border conflicts.

Senor Manuel De Zamacona, the new ambassador from Mexico was presented to the president and declarations of friendship were exchanged.

Information was given out at the White House that the rough draft of Mexico's formal note in reply to the state department's demand that American border towns be not endangered by Mexican battles, has been placed in the hands of American Ambassador Wilson at Mexico City. Mr Wilson reported to the president that the note as drafted is satisfactory.

A sub-committee of the house committee on foreign affairs met the president and Secretary Knox at the White House today to confer on the Mexican situation. Representative Sharp of Ohio is on this committee.

Delegate Cameron of Arizona announced that he had received a letter from a business man at Douglas, declaring that Mexicans, both federals and insurrectos, who were wounded at Agua Prieta, were "being put to death" by the victors. Last night the Red Cross here had no confirmation of this report.

Not Preparing to Spring.

In a formal speech to the president Senor Zamacona said that peace

AUDITOR RILEY MAKES STATEMENT

In Which He States That Law Regarding Listing of Property Will Be Rigidly Enforced.

On Monday, April 17 I received the following letter from the auditor of state:

Department of Auditor of State
Columbus, O., April 14, 1911.

County Auditors: In compilation of the Tax Laws for use of the personal property assessors, etc., amendments to Sections 5,398, 5,399, 5,400 and 5,401 made by the last General Assembly were overlooked. See Vol. 101, O. L., pages 132, 433 and 434 for amendments to Sections 5,398, 5,399, 5,400 and 5,401, as found on pages 23, 24 and 25 of the Tax Laws.

I would advise that the particular points in these amendments be given all the publicity possible, calling particular attention to the protection given those whose personal tax return for the year 1911 may be in excess of former years, as a knowledge of this may influence a better return of the personal property in your county. Very truly yours,

E. M. FULLINGTON,
Auditor of State.

In complying with this advice of the auditor of state I desire to call the attention of the tax payers of Licking county, Ohio, as well as the assessors to pages 23, 24 and 25 of the Tax Laws relating to false returns.

If a person is required to list property for taxation to the assessor or county auditor in 1911, or in any year thereafter, makes a false return, the auditor shall ascertain as near as practicable, the true amount of personal property, moneys, credits and investments that should have been listed for the year 1911, or any year thereafter, and the amount so ascertained as omitted, the auditor is compelled to add fifty per cent for such evasion.

You will notice in this that all tax payers shall have the protection of an immunity bath for what has been done in the past, and all that the citizens of one town or township expect is that their neighbor be as honest as they expect to be themselves. I wish to state here, you return your property for taxation according to law and then help to compell the other fellow to return his according to law.

I am not personally acquainted with all tax payers of the county, as to their financial conditions or circumstances, but you are.

In the past these particular sections referred to above have not been strictly enforced, but I desire to state that these sections will hereafter be rigidly complied with.

In the last real estate was appraised at such a low figure that it compelled the hiding of personal property, moneys, credits and investments, but we certainly are hopeful of a reduction in the tax rate that will surprise you all.

I again request of the assessors to be very careful that you find all property, that under the law shall be listed for taxation, and let none escape. You make proper inquiry as to moneys, credits, and investments, as this class of property is more likely to escape taxation than any other class of property, unless extra efforts are made to have it returned.

What further I insist upon is, that the oath be administered in every instance where it can be; and if for any cause it cannot be administered the assessors should make a note of the facts in his return. It is your duty as assessors to see that all property is fully returned, and you are charged with this important duty, guard against the abuse under exemption, admit of none unless plainly within the meaning of the law, as we are required to administer the law as it is.

The oath that you are required to make to the county auditor, is very stringent; and in order that you may make this oath without perjuring yourself, you need only comply with the statutes governing your duties. The oath that I have mentioned, of itself will furnish all intelligent people a complete apology for the assessor in forcing a strict compliance with all the provisions of the law.

Respectfully yours,
C. L. RILEY,
Auditor Licking county.

MOB PUNISHES FARMER WHEN JURY ACQUITS

Brookville, Ind., April 20. — Enraged because a jury acquitted Marcus D. Tyler of criminal charges, a mob took him from his home at Holton yesterday morning and mutilated him.

Tyler, who is a farmer, was caught as he was driving home in a buggy. He was lifted out by the mob, which finished its work very quickly. After he was mutilated Tyler was turned loose and the mob disappeared. He reached home in a condition that may result in his death.

No arrests have been made. The events leading up to the work of the mob date back several weeks, when the daughter of Tyler became a mother for the second time. The case was taken before the grand jury and Tyler was arrested, but released on bond.

At the trial which followed the girl changed her testimony, and Tyler was acquitted. The work of Tuesday night's mob followed its acquittal. Tyler is 55. He has a wife and several children.

The work of the mob was reported yesterday to authorities at North Vernon.

SUN SMILES ON OPENING DAY HERE

WEDNESDAY'S RAIN CAST GLOOM OVER LOCAL BASEBALL CAMP.

Owner Kiene Announces Ladies' Day Every Friday Afternoon During the Season.

OHIO STATE GAMES TODAY

Portsmouth at Newark. Umpire Wilkinson.
Lancaster at Chillicothe. Umpire Raphun.
Marion at Springfield. Umpire Goebler.
Lima at Hamilton. Umpire Truby.

The weather man smiled beautiful to the Ohio State leaguers today and the sun smiled with him, making the opening day a rare one, indeed.

Yesterday's incessant rain discouraged the fans and players alike, all of whom were anxious for the fray. But today was different. The sun soon dispelled what haze there was and by 9 o'clock the day was warming up nicely.

Players and fans endangered their health last night by watching the heavens for some indication of what the weather would be. It was cloudy last night and the players and fans retired with little hope for a nice day. They were agreeably disappointed this morning and everybody is smiling.

It is hoped that the sun will shine on a Newark victory in the opening game.

FRIDAY IS LADIES' DAY.

Tomorrow is Ladies' Day at the ball lot.

Owner Kiene made this announcement this morning, and added that each Friday afternoon would be bargain day especially for the ladies, and all fair fans are urged to take advantage of the liberal offer of the Newark owner. They are assured every courtesy, and if past history is any indication there will be a goodly attendance of the ladies at the Friday afternoon games.

NO WORD FROM FOE.

Owner Kiene was much disappointed today because he was unable to furnish the batting order of the Portsmouth team in the program for today's game. The management of the River Rats failed to forward the line-up in time to get it in the program.

This morning Owner Kiene had received no word of any kind from the Portsmouth management.

"I don't even know that they are coming," said Mr. Kiene. "They are supposed to send their batting order in plenty of time to get it into the programs at the park where they are to play, but we have not received any word."

In all probability there will appear in the program for each game the batting order of the opposing teams during the remainder of the season.

DO YOU WASH IN STREAKS?

Some women do. They can't help it. They don't have time to wash out the streaky yellow soap. They are too tired, anyway. "There's no yellow in Hewitt's Easy Task Laundry Soap. It's white and pure. Makes a quick, foamy suds that chases dirt out and sends the wash out snow white to the line. Your grocer has it. Five cents a cake.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. **Swamp-Root** corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

When writing, be sure and mention this paper. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

BUSINESS ECLIPSED BY OPENING

AUTO PARADE TO BALL PARK FOR PLAYERS

Owner Harry Kiene, Manager Newnham, and the Newark players, the Portsmouth officials and their players, and Mayor Aukele, made up a baseball parade at 12:45 today and in a dozen or more automobiles they were whirled away to the ball lot where the contest started promptly at 2:30.

The autos were furnished by the following Newark people: H. A. Kiene, Sigler & Haven, Dennis White, A. R. Lindorf, Foos & Rheinbold and A. B. Hess.

Regarding the hour for the starting of the games during the season, Owner Kiene stated today that he was figuring on an innovation in that line and if it brought the desired results, the plan would be adopted permanently here.

It is his intention to have the opening game of each series to start at 3 or 3:15 o'clock. This will give the clerks and bankers and other business men an opportunity to get out to the game in time for the start.

The second game of each series will be started at 2:15 to give the glass workers and others who work at night a chance to see the game and get their supper before taking up their nightly labors.

Owner Kiene stated that it depended entirely on the appreciation of those for whom such arrangements were made, whether this plan would be followed the rest of the season.

HOW I Was Cured of Malaria

"I was for over five years troubled with Malarial Fever. It would almost always come on in the Spring and would bother me for the remainder of the summer. I tried different medicines, but they did not seem to help me. I also had the doctor off and on for some time but the next year I would be troubled just the same and I would have to be at home for several weeks. I would be in bed one day and have chills and a heavy fever, and the next day I would be up about the house, and this is the way I would be for several weeks each summer.

"I finally decided to try some good blood medicine, so I began taking Pinkham's Blood Purifier, and found it did me lots of good. I began taking it early in the spring and continued taking it all through the summer. I found, after taking a few bottles, that my body was covered with pimples, and it seemed to drive all the humor out of my blood. After that I felt much better, and now I am just as healthy as ever I was, and I am never troubled with Malarial Fever."—GEORGE P. STRONG, 35 Groveland Street, Lynn, Mass. Thousands of people believe in

Pinkham's Blood Purifier

Malaria is caused by a parasite which gets into the blood, and unless the blood is in a healthy condition and has normal resisting properties, they attack and destroy the red corpuscles, and so seriously impair the general health.

Chills and fever are the most marked symptoms of Malaria, which can be cured by purifying and enriching the blood. Mr. Strong found that Pinkham's Blood Purifier cured him after all other means had failed, and what it did for Mr. Strong it will do for other sufferers.

DEATH CHEATS HEIR TO FORTUNE

Findlay, April 20.—While a fortune of nearly $50,000 was almost within his grasp, John Bachar, an aged resident of Hancock county, died at the county infirmary after an attack of dropsy. Mr. Bachar had lived there several years.

About a month ago a bachelor son died in Ft. Morgan, Colo., and his will stipulated that all his real estate and securities must go to his aged father during his lifetime. It was while preparing to leave the infirmary that Mr. Bachar was taken sick and died.

It is estimated that at a cost of $200,000 fully 100,000 acres of good land within a reasonable distance of Savannah can be drained and made productive of cotton to the annual value of more than $3,000,000.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at these will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of native American medical forest plants. At the home of Mr. and Mrs. W. F Spees Tuesday evening was given one of the most enjoyable events of the week. The eveping was spent in dancing, card playing and games. Mrs. Louis Heaten won the first prize in the bean contest while Dr. Stone carried off the consolation prize. Miss Mable Bradford won first prize in the guessing contest and Miss Ruth Daley the consolation prize. At a late hour all repaired to the dining room where an elaborate lunch was served, and at a late hour all departed for their homes, having enjoyed a pleasant evening.

Those present were Mr. and Mrs. Lou Heaten, Mr and Mrs. Fred Harendor, Mr. and Mrs. John Uffner, Mr. and Mrs. Charles McConhaugh, Mr and Mrs. Roley Ryan, Mr. and Mrs. James Bradford, Mr. and Mrs. Thomas Coke, Mr. and Mrs. William Brooks, Mr. and Mrs. Albert Daily, Mr. and Mrs. W. One of the most delightful affairs on the social calendar for the week was the dance given Tuesday evening at the Masonic hall by the Phi Sigma Chi fraternity. There was a large attendance and the hours were enjoyably spent in dancing from eight thirty o'clock until twelve. An excellent program of popular dancing selections was furnished by the Lucas six piece orchestra. The grand march at 8:30 was led by Mr. and Mrs. Dill Mowery and programs were given.

Among those from out-of-town present were Miss Mabel Hawthorne who is home for a vacation from Cleveland where she is attending school and her guest, Miss Warner of Cleveland, Miss Ruth Wintermute of Newark, the guest of Mrs. Dill Mowery, Miss Gladys Jones of Newark, Mr. Meyers, a Phi Sigma Chi from Zanesville, Mr. Savage of Cleveland. Punch was served during the evening.—Cambridge Jeffersonian.

The L. C. B. A. club was most pleasantly entertained at the home of Mrs. Robert Skiles in South Fifth street on Wednesday evening Euchre was the game of the evening and at its conclusion the trophies were awarded to Mrs. Margaret McWilliams and Mrs. George Welsh. Following the cards, a dainty two course luncheon was served to the members and several guests.

An enjoyable dinner was given on Easter Sunday by Mrs J. C. Hoskinson of Pleasant Valley Relatives from Newark and Flint Ridge were present, and all returned home after having spent a very pleasant day

Those present were: Mr. and Mrs. Carey iKnney and children, Gladys and Orren, Mr. and Mrs. Lorin Duhimer and daughter Lenora, Mrs. Clara Williams and daughter Mary, Mrs. Mary Unternaher, Daniel, Nellie and John Unternaher and Mr and Mrs. J. C. Hoskinson and son Russell.

Miss Annette Besuden most charmingly entertained the members of the Wednesday Afternoon Sewing club at her home in Hudson avenue on the club day. The afternoon was spent with fancy work and a delicious luncheon was served the members and guests, Miss Peterman and Miss Helen Roberts.

The Ladies' Aid of the First Presbyterian church will give a reception and annual business meeting Friday afternoon at two o'clock, in the social room of the church. A report from each division of last year's work will be given, and other important business transacted. All the members are asked to be present.

One of the most enjoyable of the two series of dances given by the Masonic Social club this season was the one on Wednesday evening. Stevens' orchestra furnished a most delightful dance program and late in the evening a supper was served.

Among the dancers were Messrs. and Mesdames A. A. Haines, R. E. Marvin, Thomas Tabler, Charles Long, E. G. Turk, C. C. Griffith, J. V. Hilliard, Burbon Miller, Charles V. Foster, C. L. V. Holtz, J. Economy and Dress.

The Kind of Suit to Buy for Hard Wear.

WHEN a woman wants to get an inexpensive tailored suit, yet wants one that will stand hard wear, she is sometimes in doubt as to what is her wisest choice. She may know little of dress materials, less yet of points of tailoring and lining that have to do with the life of a suit. Yet it is so important she get the worth of her money that she is desperately anxious that she choose wisely.

As to material, she should make sure of all-wool. All-wool holds its shape, presses and cleans indefinitely, and if she insists on an all-wool fabric she is sure of wear, and of a suit that will always look trim and smart.

The hard-finished men's fabrics are the best choice—serges, worsteds, suitings. And one with a little self-stripe or pattern of some kind is better than a plain surface. With a self-figured, crisp-finished wool material few can tell, judging from the fabric alone, whether a suit costs $15 or $30. Even the inexpensive grades of these suitings have a high-class look.

Black and dark blue are, of course, the best colors. But dyes are so good today there is not likely to be any chance for dissatisfaction, unless one chooses some of the unusual shades of gray. These odd grays are difficult to secure in the dye pot and sometimes fade.

In the matter of style the semi-fitting coat is best choice. Not only is this conservative and so good, season in and out, but in the less expensive tailoring it is likely to fit better. In the inexpensive suits the tailoring, of course, is not of the same grade as in higher priced suits, and the tight-fitting coat will in time wrinkle.

The fit of the collar should also be noted carefully. It should fit snugly at the back. It should not stand out even a trifle.

If the skirt is pleated, choose one where the pleats are stitched to the bottom. In the inexpensive suit, where the pleats in the skirt are stitched only part way, the effect when they fly out is, after a little wearing, very bad.

For the coat lining a good guaranteed satin is safest choice. It will stand wear and knocking about. A taffeta, even sometimes the best quality, is liable to crack. A soft messaline will probably wear satisfactorily, but with a guaranteed satin no chances are taken. And it is most annoying, as well as a matter of undesired cost, to have the coat lining go to pieces in no time.

Some women wear out the skirt of a suit faster than the coat. If this is the case it is economy to get a second skirt when the suit is bought. Some stores will have another skirt made for a customer of the same material as the suit, for very little extra cost. And rather than throw the coat aside when it is half worn out it is cheapest in the long run to get the two skirts.

Savory Irish Fritters. Soak one pound of stale crusts and bits of bread in cold water; squeeze dry and break fine with a ork. Peel and boil one pound of white onions in salted water until tender, drain, chop fine and add to the bread crums. Season well with salt and pepper, add one tablespoonful of chopped parsley and one-quarter of a teaspoonful of thyme rubbed fine. Form into small thin cakes, flour and fry them in hot fat.

Potato and Leek Soup. Put into a deep ketter three tablespoonfuls of rendered beef dripping and eight leeks, washed and thinly sliced. Cover and cook very slowly for ten minutes, then add one pint of sliced raw potatoes and one quart of hot water and simmer for an hour. Rub through a sieve, season well, add a pint of milk, thicken slightly with flour and cook for ten minutes longer.

JOHN J. CARROLL

SUNNY MONDAY

There is not an ounce of rosin in Sunny Monday Laundry Soap. Rosin is used in all other laundry soaps—because it is cheaper than the fats and oils used in Sunny Monday. Sunny Monday costs more to manufacture than any other laundry soap of which we know. It is kind to clothes—will not shrink flannels or woolens, or turn clothes yellow.

Sunny Monday is just as pure as its whiteness indicates; it is the safest and most economical laundry soap you can use.

MORGAN'S ESCAPE STILL A MYSTERY AT THE OHIO PEN

Columbus, April 20.—Although the tunnel beneath the cell block through which General John Morgan and his men escaped from the Ohio Penitentiary November 27, 1863, was uncovered yesterday by workmen and thoroughly explored, no light was thrown upon the mystery of how the little band of men finally escaped from the prison.

Beneath the cells occupied by the Confederates and opening into the walls were the scars of holes which had been drilled to the tunnel, but as the passageway lies wholly within the walls and the buildings it is not known how they finally found their way to freedom

Along the sides of the tunnel there had been digging in several places, but it does not seem that any of them have been used as a connecting tunnel At one end of the passageway, which is an old air chamber, a small grating overlooks the prison yard and this is the only place through which they could have gone.

In building the new penitentiary the Morgan cell is to be preserved intact as a historical relic.

The escape has puzzled historians for almost half a century, and that the prisoners walked out of the penitentiary to freedom through the front gate either boldly of aided and abetted by officials of the institution was the belief of authorities at the prison.

REDSKIN IN FAMILY.

While examining a nose in the shoe department a woman noticed her hands were looked very red and angry. "If you'd throw away that yellow stuff and use Hewitt's Easy Task Laundry Soap as I do," smiled a friend "you'd cut your washing troubles in two—save your clothes, and my! how fine your hands would look. You know it's the original white pure kind Your grocer sells it."

THE HALL OF FAME.

GEORGE BANCROFT—Historian, statesman and diplomat.

Born Worcester, Mass., Oct. 3, 1800; died Washington Jan. 17, 1891. Graduated from Harvard at seventeen and studied at Gottingen, Germany. Tutor in Harvard and teacher of Round Hill school. Preached for a time and wrote a volume of verses. Was author of many historical works, the most famous being a history of the United States up to the beginning of Washington's first administration. Was collector of the port of Boston. Democratic candidate for governor of Massachusetts, secretary of the navy, founder of the Naval academy at Annapolis and minister to Great Britain and to Germany.

EXORBITANT TARIFF DUTIES

All through the Payne-Aldrich tariff bill one can glean reasons why the people turned out of office the interest serving men who helped write that iniquitous measure.

In one clause of the woolen schedule, a duty of 148 per cent was placed on yarn valued at less than 30 cents per pound. The duty was only 87 per cent on yarns valued at more than 30 cents per pound.

The Payne-Aldrich crowd imposed a duty of 148 per cent on the cheap grade of yarns, which the poor people buy, and 87 per cent, or only about one half that rate, upon the grade purchased by the rich. In whose interest was that schedule made?

There remains in congress a few of that crowd, which helped make the schedule.

Again a duty of 60 per cent was imposed on the cheaper linoleum, commonly used by the poor people, while only 25 per cent was levied on the more expensive linoleum, used by the wealthy class.

Loss of Appetite

Which is so common in the spring or upon the return of warm weather, is loss of vitality, vigor or tone, and is often a forerunner of prostrating disease.

It is serious and especially so to people that must keep up and doing or get behindhand.

The best medicine to take for it is the great constitutional remedy

Hood's Sarsaparilla

Which purifies and enriches the blood and builds up the whole system.

BOLTON TRIAL

(Continued from Page 1.)

tracks in front of the candy kitchen; after the hanging Motherspaugh and I drove around the crowd; heard no one make the statement that night "that was the damndest hardest day's work I ever did"; Motherspaugh did not tell me that night that he heard Bolton make that remark; Motherspaugh and I are chums."

Cross-examined by Smythe: "I came to Newark to take a degree in the Red Men; followed mob from canal bridge down the south side of the square; was excited that night; didn't know Bolton."

PERRY WOOLARD.

"Farmer; have known Carl Motherspaugh all my life; had conversation with Carl Motherspaugh in a barber shop after session of special grand jury, and he said that he and Attorney Miller had fixed up his testimony."

Cross examined by Mr. Smythe; "Motherspaugh asked me if I was called in the Bolton trial and I told him I was not; that what I could say wouldn't hurt Bolton; he then said he expected he would be as he and Miller had fixed it up."

Wednesday Morning.

E. C. Criss, undertaker, examined by Miller: "Place of business was diagonally across street from Bolton's saloon last July; saw detectives go into Bolton's and a short time afterward came out and started down Third street; Bolton started to follow and one of the detectives drew a gun and pointed it at Bolton, telling him to start back; he continued to follow and detective told him if he continued to follow he would shoot; the detectives came back from the jail and as the one who was bleeding passed Bolton, he said, 'Look at the s— b—; they will never come back here;' about 7:30 that evening saw the crowd move down toward the jail; know Joe Bush and Charley Wilson; don't know Walter Diehl or Dick Holler; can't say that I knew any one in the crowd at Bolton's."

Cross-examined by Fitzgibbon: "I didn't notice Bolton's face; the men in custody of dry detectives were Jack McKenna and fellow called Omaha Ed."

D. J. Criss, undertaker, examined by Miller: "Saw disorder in front of Bolton's; Joshua Hull led me to it; when detectives raided place heard crowd yell, 'Get the s— b—.'"

His testimony was substantially the same as given by his brother.

Joshua Hull, examined by Miller: "Saw disturbance at Bolton's in the morning; though I heard shot fired, and then five or six men came out. The witness' testimony was the same as that the Criss brothers in its principal features and almost identical with that given by him at previous trials.

Wednesday Afternoon.

Joshua Hull again took the stand after the noon recess and his examination was resumed by Miller: "Saw Joe Bush using a sledge on the lock of the jail; saw Edgar Owens helping with iron rail to batter the jail door; saw Walter Diehl using the sledge."

Cross-examined by Fitzgibbon: "I testified before the mayor at Bolton's preliminary hearing; might have said at that time that I didn't see Bolton that evening; don't remember testifying before the mayor that I didn't see Bolton at the jail; don't say now that I saw him about the jail, but saw him going toward the jail."

Witness was pressed to explain discrepancies in his present testimony that given by him at the trials of Watha and McKinley and became considerably confused.

Porter Hoodlett proprietor Franklin Hotel, examined by Smythe: "Saw Bolton at 11 o'clock that morning in front of the bank, talking; saw him several times in front of his place that day; saw defendant go into the alley and pick up a couple of rocks at the time dry detectives were in his saloon; saw crowd coming and going in front of Bolton's place that evening."

Cross-examined by Fitzgibbon: "The crowd about Bolton's place was larger that day than ordinary days."

Frank Goode, examined by Mr. Smythe: "Was at pole before crowd brought Etherington; he grabbed me and asked me to keep the crowd from beating him so that his body could be sent home to his mother; two fellows boosted him up and he was hanged."

No cross-examination.

THE BEAUTY OF FIRM FLESH

Lies in the Power of Rich Blood to Keep it Ever Clear and Clean.

Stuart's Calcium Wafers Free.

The secret of firm, strong, supple flesh is—good, rich, constant flowing blood. When hollow cheeks appear and hidden pigments make the eyes look like burnt holes in a blanket, the blood is sick and out of tune.

The effect of impure and pure blood is seen at once on the face.

Impurities fill it with poisons, the flesh harbors these poisons, and the lungs cannot eliminate them as they should.

It needs a purifier. Stuart's Calcium Wafers give to the blood, through the same channels as food, all the strength and stimulus necessary to remove the impurities and to make rich corpuscles which will feed the body or fight its enemies.

Time was when poor blood purifiers had to be used, such as herbs and roots powdered minerals, etc., but thanks to latter day achievement the Stuart process gives to the system the full rich strength of Calcium Sulphide, the greatest blood purifier known to science.

These little powerful wafers are prepared by one of the most noted expert pharmaceutical chemists in the world and so far as science is concerned no expense has been spared to make them perfect.

They contain Quassia, Golden Seal and Eucalyptus, each a most powerful aid to the blood of man.

Thousands of people use these wafers with religious zeal, and their testimonial evidence is an unfailing source of interest to one who reads it.

Melancholy marks every suffering woman, yet one should be armed with this knowledge and make up one's mind to try Stuart's Calcium Wafers at once. Every druggist carries them. Price 50c, or send us your name and we will send you a trial package by mail free. Address F. A. Stuart Co., 175 Stuart Bldg., Marshall, Mich.

PORCH FALLS; GIRL INJURED

Miss Blanch Nutter, residing near St. Louisville, received rather serious injuries on Wednesday by the collapse of a porch on which she was sitting. Miss Nutter had gone to the home of one of the neighbors, Mrs. Harris, and while on the porch it collapsed bearing her with it. She received a sprained ankle and a cut on the head which required a number of stitches to close, and a badly burised hip.

Miss Nutter was removed to her home and a physician called. She is resting more comfortably today.

UNCLE WALT

The Poet Philosopher.

There lived a man in someone's town—his name need not be written down—who preached of right and wrong, and always stood for virtue, strong. He liked to show the shining way to every guy who roamed astray, and he was full of texts and saws and vital truths and moral laws. And folks who heard him talk and preach would always say he was a peach. His next door neighbors didn't rise to boom and praise him to the skies. They said: "His chickens come and scratch the stuffing from our garden patch; he knows they're driving us to drink, he knows what all his neighbors think, and yet he lets his doggone hens go skiting blithely from their pens to knock our gardens upside down—he is the meanest skate in town." The world is stocked with solemn frauds who deal in sounding moral gauds and platitudes and good advice, and helpful hints fresh off the ice; they wag their jaws and wield their pens—and let their neighbors fight the hens. To treat your neighbor right will count for more than any gross amount of bulging words when we are called and to the bar of judgment hauled.

REDISTRICTION BILL

(Continued from Page 1.)

After the vote was taken Senator Deaton of Champaign, successfully secured the dealing of its final death blow by moving for a reconsideration, which motion was lost by the same line up.

Yount declared openly in his debate that every Senator who voted against the bill allied himself squarely with the book trust, which he said owned the State School Commissioner's office body and soul. He further threatened that he had assurances from the American Federation of Labor that it would conduct strenous campaigns against all members of the General Assemoly who voted against the bill.

LIBEL LAW AMENDED.

By the decisive vote of 92 to 12, the House of Representatives yesterday freed the press of Ohio from the clutch of a dead hand and widened the scope of legitimate publicity. This it did by passing the Bader bill, which went through the Senate by a unanimous vote some weeks ago.

The measure provides that public records shall be free to publishers so long as a fair and impartial report is made of their contents. In the event that it is unfair, aggrieved persons may demand a proper statement to be made, and in the event that the publisher refuses to comply or fails to do so he is subject to the usual severe punishment for malicious libel.

would be declared in Mexico soon. The president assured the new ambassador that this government is not crouching upon the border, ready to spring upon Mexico.

President Taft said in part:

"The government of the United States for the happiness of the Mexican people, cannot but feel the liveliest interest in their peace and prosperity. It is, therefore, the fervent hope of the United States that harmony may soon prevail and that the Mexican people, in full accord and with a unanimity of purpose, will proceed toward their great destiny."

The president asked the ambassador to convey to President Diaz of Mexico an appreciation of his good wishes.

HONEYMOON IS BROKEN.

Lima, April 20.—The honeymoon of Captain Albert E. Gale, postmaster of Lima and commander of Company C Lima's crack militia organization, has been rudely interrupted with a summons to the front. Capt Gale leaves Saturday to view the maneuvers in Texas, and incidentally take a hand in the fighting if war is declared. He was married but two weeks ago to a Toledo woman and it is said his orders are such that he will remain in Texas until August

OHIOAN THANKS TAFT.

Washington, April 20.—The following telegram from Cleveland, signed "One who has children in Mexico," was received by President Taft yesterday:

"God bless you for your consideration of the thousands of American lives that would be in danger through the United States intervention in Mexico at this time."

DEMAND SURRENDER.

El Paso, Texas, April 20.—A formal demand was made last night on General Bohn Navarro for the surrender of Juarez to the insurrecto army of Francesco I. Madero Jr., within 24 hours. The demand reached headquarters while he was inspecting fortifications for the city's defense.

The above was confirmed by Gonzales Garza, secretary general for the insurrecto party, who said:

"Formal demand of the insurrectos for the surrender of Juarez within 24 hours has been made of General Navarro, commanding the federal garrison of Juarez. The note was sent from El Paso by a messenger to United States Consul General Edwards in Juarez, to be transmitted by him to Navarro. No reply has been received."

Later it was learned that Consul Edwards delivered the note to Navarro's headquarters while the latter was away on a tour of inspection.

General Navarro said: "I have received no notice asking me to surrender."

Healthy Mothers

The bearing of children is frequently followed by poor health for the mother. This supreme crisis of life finding her physical system unprepared for the demands of nature, leaves her with weakened resistive powers and sometimes chronic ailments. This can be avoided if Mother's Friend is used before the coming of baby, and the healthy woman can remain a healthy mother. It is the only remedy that perfectly and thoroughly prepares the system for healthy motherhood, and brings about a natural and easy consummation of the term. Women who use Mother's Friend are always saved much suffering when the little one arrives, and recover more quickly, and with no ill effects, or chronic troubles. Every expectant mother should safeguard her health by using Mother's Friend, thus preparing her physical condition for the hour of motherhood. This medicine is for sale at drug stores. HOBO NEWS IS THE LATEST

St. Louis, Mo., April 20.—James Eads Howe, millionaire hobo and leader of the National Welfare Association, has announced the name of the proposed weekly mouthpiece of the "great army of the unwashed" is to be "The Hobo News." The first publication is expected to be off the press May 1.

"Buy a Hobo News" will become as familiar an appeal in the rural districts as "buy a War Cry" has been on the city streets. Every member of the Welfare Association is an authorized subscription agent. A paltry nickel will be asked for it.

Howe has announced on his contributing staff, Jack London, erstwhile "Weary Willie"; Ellis O. James of Life; George Allen, England; Pabli Iglesias and Eugene V. Debs.

Editor J. H. Seymour, hobo poet, said: "We will try and worry along for a while without a sport department, and I do not anticipate much attention will be paid to the stock and bond market."

CASE CRANE CO. STOCK AND BONDS

The Case Crane Company of Columbus, which is now offering its stock and bonds to the public for the purpose of increasing its plant and adding largely to its productive capacity, so as to meet the increased demand for its electric cranes, was established in 1880. However, it has already made its mark with the users in the United States and Canada of economical lifting and transporting devices. Its cranes are used in the plants of the United States Steel Corporation, in the Republic Iron and Steel Company, in the shops of the Pennsylvania railroad, the New York Central railroad, in the United States navy yards, and in hundreds of smaller concerns over the country, where labor saving devices and heavy lifting cranes and hoists are demanded by modern methods of manufacture.

Over one thousand of the cranes made by this company are now in use and so rapidly has its business grown that the need for additional capital has become imperative. Orders on its books now will require several months to complete, and had the company the capital to do so, it could soon double up its production and add largely to its earnings. Its shops are equipped with modern machinery and from the earnings additional equipment has been installed but in order to meet the growing demand for its cranes, enlargements and additions must be added more quickly than they can be in that manner. It is for this purpose that the stocks and bonds are being offered, and the purchaser of these securities in one of the growing industries of the capital city of the state will find that he has cast his lot with a corporation which will duplicate the success of those other industrial organizations, which have made the name of Columbus known from coast to coast.

BOYS AND GIRLS OF NEWARK TO BE INTERESTED

Plan of Board of Trade to Brighten City With Flowers This Spring To Offer Prizes.

The civic improvement committee of the Newark Board of Trade is developing a plan to interest the school boys and girls in improving the appearance of the city.

Recently Congressman Ashbrook sent to the Board of Trade 500 packages, each package containing five packets of flower seeds. George L. Miller has added to this 1000 packages and it is probable other additions will be made. It is proposed to present the proposition to the schools, offering a series of prizes for the most attractive flower beds and neatest premises about town. The boys and girls are to have exclusive care of the flower beds and they will be given advice as to the planting and care of the flowers.

Several men to whom the matter has been presented today have readily offered to give prizes, some cash, others articles that the boys and girls will be glad to have. It is hoped to obtain fifteen or twenty prizes, not expensive prizes, but articles that will be attractive to the children.

The merchants or other citizens who desire to aid in providing prizes for this purpose are requested to telephone to or write to the Newark Board of Trade, or to communicate with Mr. Wm. H. Mazey, chairman of the civic improvement committee.

Mr. George C. Vail, sales agent of the National Cash Register company, has offered to have a lecturer sent from Dayton factory to give a free illustrated lecture on civic improvement. The lecturer would show by means of colored slides the great difference in Dayton homes after the civic improvement idea became prevalent. The pictures are both "before and after taking," and the lecturer gives practical hints on how to proceed to bring about the desired results.

Kicked By a Mad Horse.

Samuel Birch, of Beetown, Wis., had a most narrow escape from losing his leg, as no doctor could heal the frightful sore that developed, but at last Bucklen's Arnica Salve cured it completely. WILL BUILD NEW TUNNEL

The [illegible] of the B. & O. [illegible] is making in New [illegible] the construction of a tunnel at the summit of the Alleghany mountains in the vicinity of Sand Patch, Pa., is another extension and interesting [illegible] of railroad engineering undertaken in the general betterment of the Sand Patch division, between Cumberland and Connellsville. The new tunnel, the cost of which will approximate $250,000, will greatly facilitate the operation of the B. & O. by providing three tracks in one of the business main line to Pittsburg and Chicago. Work on the improvement will be started without delay.

The contract has been awarded to H. S. Kerbaugh, Inc., Philadelphia. The new tunnel will be of standard B. & O. design, with a bore of about 4000 feet, 30 feet wide, double tracked throughout, lined with brick. The new line will join the present one in the valley of Manila Creek on the east and Sand Patch on the west. Upon the completion of the new work the B. & O. will have two tunnels piercing the Alleghany Mountains at the summit of Sand Patch, as the present one will continue to be utilized.

CAMORRO JURY ASKS TO VISIT CRIME'S SCENE

Viterbo, Italy, April 20.—The Camorro jurors today requested that they be taken to Naples to view the scene of the alleged Cuocollo murder and the haunts of the prisoners. The minister of justice has advised Judge Bianca to refuse this request, saying it would require 15,000 troops to maintain order if the jury visited Naples. Judge Bianca hopes to end the case by April 24.

During last year New York city consumed 51,000,000 pounds of poultry.

BEANS AND DRY BREAD HURT JACK'S STOMACH

San Francisco, April 19.—Jack Johnson, heavyweight champion, who will next Saturday complete a 20 days' sentence in the county jail for reckless speeding, is suffering from an acute attack of stomach trouble. The big fellow has been confined to his bed in cell 43 for the past two days.

It was that big dinner I didn't get on Easter Sunday that caused it," declared Johnson yesterday. "The Judge told me I would be paroled on Sunday, and after I had made all arrangements for a big celebration the sheriff said he would not stand for any such orders from the court."

While the champion's condition is not serious, it isn't likely he will do any more tidying up of the jail stables during his brief stay in the county bastile.

STYRON-BEGGS CO. BUYS BUILDING OF FRED LISEY

The Styron, Beggs Chemical company has just closed a deal whereby they secure possession of the old brick building standing on the canal bank and facing on Fourth street. This building has been recently owned and occupied by the Fred Lisey Commission company.

As soon as the latter can move to their new location which will be in the Hickey building on South Fourth street the Chemical company will take possession. They will move the offices and manufacturing part of the plant to the newly acquired property from their present location in South Third street, but the latter will be retained and used as a warehouse.

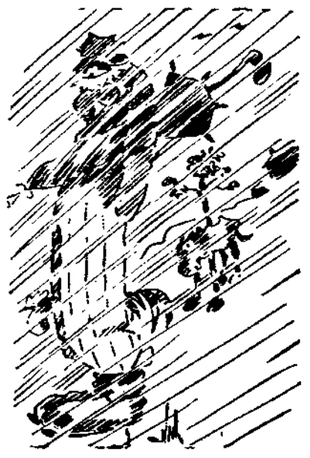

The Styron, Beggs company is one of the most successful growing concerns in the city and their output can be found in any city in the United States.

"Ah, yes, Mrs. McCormick has an anklet," explained her secretary; "she has it and she wears it."

"Does she wear it all the time?" was asked.

"Ah, no; only upon special occasions," came the reply.

RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage, a Simple Remedy for Dandruff, Falling, Faded, Gray Hair.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy, and gradually restored the natural color.

One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days, on account of souring quickly. This objection has been overcome, and by asking almost any first-class druggist for Wyeth's Sage and Sulphur Hair Remedy the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair, but will also stop the hair from falling out and make it grow.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

CUPID BLAMED BY CONNIE MACK

Philadelphia, Pa., April 20.—Connie Mack yesterday to his own satisfaction ascertained the real reason for the losing streak of the champion Athletics. It is the most unique excuse ever offered for losing baseball games, but Connie is absolutely honest about it.

"I have the best team in the world," said Connie, "but the trouble is that I have too many bridegrooms on it. My recently married men get on the field, their brides sit in the grandstand and the men are so anxious to get back to their new wives that they just forget the game.

"And the worst of it all," continued Connie, "is that I am a bridegroom myself, so what on earth am I going to do about it?"

COOK RELEASED GOT WIRE CHECK

Guadalajara, Mexico, April 20.—James A. Cook, the American conductor arrested some time ago as an accomplice in the robbery of freight cars on the National railway near here, has just received a check for $1,550 as compensation for the time he was in prison.

This is his salary from the railroad company from the time he was locked up. The Order of Railway Conductors adjusted the matter.

Cook lives in Ft. Scott, Kansas, and is preparing to return home.

Every man is anxious to get to the top until it comes to an upper berth in a sleeping car.

Now is the time to get your lawn and garden rakes, hoes and garden plows, at the Crane-Bliss Hardware Co. d11-13-18-20;w13

This is the Stove Polish YOU Should Use

IT IS so much better than other stove polishes that it's in a class all by itself.

Black Silk Stove Polish

Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish.

Used on sample stoves and sold by hardware dealers.

All we ask is a trial. Use it on your cook stove, your parlor stove or your gas range. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money.

Insist on Black Silk Stove Polish. Don't accept substitute. Made in liquid or paste—one quality.

NEW CORN CURE A REAL MARVEL

Guaranteed and Absolutely Painless.

A corn cure that is painless and that will really do the work has finally been discovered. Heretofore, the poor sufferer from corns has been pestered with "drawing" salves and plasters that swell the corns, and has had finally to gouge out his corn and inflict upon himself still greater pain. With Hall's Painless Corn Cure all pain ceases on the first application, and then finally the corn comes right off easily and painlessly. You don't have to dig it out and run the risk of drawing blood, making your corns still more sore or getting blood poison.

Hall's Painless Corn Cure is easier to use than any other; it takes a few seconds to apply it. It is guaranteed absolutely in every case. You must be satisfied, or back goes your money.

Lasts longer than several packages of any other corn treatment, and you are sure to get rid of corns and bunions. Sold at 25 cents a bottle at

AMUSEMENTS

"KELLY FROM THE EMERALD ISLE."

Barney Gilmore, the Irish comedian, who is to be seen at the Auditorium theatre, April 21, in his new play, "Kelley From the Emerald Isle," is priding himself upon having accomplished a rapid fire tour last summer through Ireland that probably never has been duplicated, for, from the time he left New York upon the swift "Mauretania" until he returned, just twenty-nine days later, upon the equally speedy "Lusitania," he visited one hundred and twenty-nine points of special interest In this must be counted twenty-nine cities and towns Mr Gilmore had made the trip more slowly and leisurely. Other added attractions for the last half of the week are: "The Three Musical Durands," in a high class musical and dancing act, which are direct from the United time. Raymond Smith, the comedian, will entertain you with his funny show and periods. Orpheumscope will have a new picture.

BARNEY GILMORE.
In "Kelly From the Emerald Isle," Auditorium, Friday, April 21.

DAMON AND PYTHIAS.

In that beautiful and heart-throbbing drama of "Damon and Pythias," which is to be presented at the Auditorium theatre next Monday evening, the female characters will appeal to every feminine heart. Mrs. J. T. Harbottle as Calanthe, the sweetheart of Pythias, and Miss Bessie Souverain as Hermian, the wife of Damon, are great characters and are played by these two ladies in a manner that would do credit to professionals of the first class.

The regular house orchestra will be augmented by the orchestra of Roland lodge, No. 305, K. of P., and this alone will be a pleasing feature. Seats may be reserved tomorrow at the box office.

"THE NEWLYWEDS AND THEIR BABY"

"The Newlyweds and Their Baby" the 60 1-2 people music show that comes to the Auditorium theatre for 2 performances on Saturday, April 22, matinee and night, is composed of the usual ingredients, only more so, girls prettier than usual, gowns that beat all, stage effects uncommonly elaborate, even in this day and age, a stage baby, Jimmy Rosen more canny—or uncanny than even Little Nemo: German dialect comedians with more dialect than ever, and motion swifter and more dizzy than any previous record. The performers make their entrances and exist at furious rate of speed, and even the colored lights that are flashed upon them twinkle like the electric signs of New York during the Hudson-Fulton celebration. There is less repose in the performance than in the tip of a terrier's tale.

"THE TIME, THE PLACE AND THE GIRL," A MODERN COMEDY.

Time was when, to be successfully entertaining, a musical comedy had to have for its characters an irresponsible king and a cohort of fun-making courtiers, with the scene laid in an imaginary kingdom. Stage history is replete with plays having such a personnel of characters.

"The Time, Place and The Girl," which comes to the Auditorium theatre soon, is a striking example of how skilful writers can produce a rollicking comedy by selecting for their characters types who represent phases of our every day life.

ORPHEUM.

See Capt. Brunswick's W.G West Co. real Indians and cowboys in that new sketch at the popular Arcade play house, Thursday, Friday and Saturday. It is a very pretty little story, and it is a real novelty to see Indians and cowboys act just as they do in their native land. Do not miss this opportunity.

OHIO ELECTRIC TRAINMEN DANCE

The Ohio Electric trainmen of this division, of which there are about four hundred in this city, will give a grand ball at the A. I. U. hall tonight and preparations have been made for the accommodation of about three hundred couples. A fine orchestra has been engaged and the trainmen are looking forward to a great evening's pleasure.

FOR PUBLICITY BEFORE ELECTION

For a good many years the Republicans have usually had more money to spend on elections than the Democrats; and they have usually won. Last autumn, in this state, the Democrats had more than the Republicans; and the Democrats won. That may not mean that money usually controls elections, it may only mean that people give money for the same reasons for which they give their votes, and in about the same proportions. But it is always enlightening to know how much money each side gets, and from whom; and a good many of us would like to have that information before elections. The National Publicity Law Organization will during the special session renew its fight for a law requiring publication before elections. The law of June, 1910 contains no such provision. The original McCall bill as it passed the House did contain that requirement, but the Senate struck it out. According to the organization's committee on legislation, which is headed by Mr. Perry Belmont, the leaders of the new House are sure that it will pass a bill with the original provision, and leaders on both sides of the Senate think that the Senate will also pass it. We think the country would rather like to see the special work of the special session quickly done, and then an adjournment, but if Congress should find time to pass this particular measure we hardly think the country would object. —Harper's Weekly.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case it fails to cure. Send for list of testimonials.

This man prefers the keen, sparkling flavor of Karex —you may prefer one of the other blends of

Golden Sun Coffee

NO ONE BLEND of coffee suits all tastes. We, as coffee experts, have discovered by long experience in coffee buying, roasting, blending and selling—that the coffee taste in America divides into five great classes. We have accordingly—after a generation of experiment—produced the five distinct blends which meet these five different tastes. We have put up this coffee in an ideal pound packet under the family name—Golden Sun Coffee. Here are the five blends and their description.

Karex — Coffee of a keen, tangy, sparkling character.

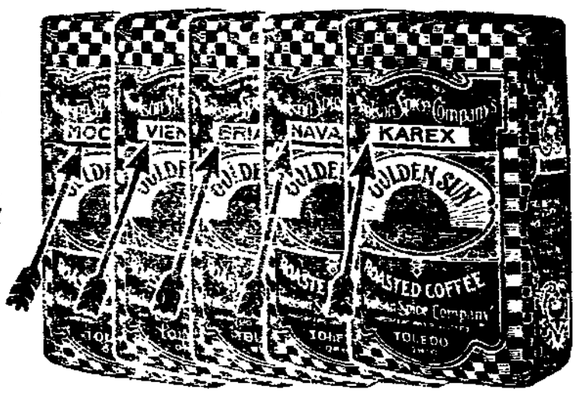

Navarre — For those who want a piquant, high-flavored coffee.

Briardale — Produces the soft, mellow, velvety cup of coffee.

Vienna — Rich, savory and aromatic in flavor and bouquet.

Mocha & Java — The distinct brew produced only by the most expert blending of these famous grades.

Each Blend is the highest grade, choice, perfectly ripened coffee, roasted and blended by experts. Hermetically sealed at the critical moment after roasting to preserve for *your table* all the delicious, volatile oil of the coffee berry.

Your grocer will take special interest in sending YOUR particular Blend, for it settles all the old coffee troubles and enables him TO INSURE COFFEE SATISFACTION.

WYETH'S SAGE AND SULPHUR HAIR REMEDY

Grew a Full Growth of Hair on a Bald Head

Here's the Proof

For two or three years my hair had been falling out and getting quite thin, until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly, until now I have used four bottles. The whole top of my head is now fairly covered with hair and it keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

COURT NEWS

Common Pleas Court.

In the case of Shaw & Son vs. Lucy Seidler, et al., a suit to marshal liens, a judgment of dismissal without prejudice was entered.

James M. Pouser vs. Margaret Parker, et al., judgment of dismissal, the court making that order when the case was called for trial.

Welta A. Spangler vs. Clemon E. Spangler, a suit for alimony; judgment of dismissal by counsel for both parties.

R. P. Ford, et al., vs. L. M. Stockberger, an appeal from the docket of the justice of the peace, tried to the court and submitted; a suit to recover by the plaintiff for commission on the sale of certain real estate. Frederick H. Scott vs. George Franklin Scott, et al., case continued on account of absence of counsel at the trial of the Bolton case at Mt. Vernon.

City of Newark vs. Jennie Seller, passed for the same reason.

Scott Ramey, plaintiff in error, vs. Julia A. Dunaway, defendant in error; for trial to the court Thursday afternoon, on petition in error.

For Tomorrow.

Donaldson vs. Donaldson; a suit for divorce.

Shimmel vs. Cole; leave to reply instanter, being a general denial.

Flint Ridge Mining Co. vs. Riley, auditor, passed.

Reply Filed.

In the case of Christopher Stavropolous vs. John Vatsures, the plaintiff has filed his reply to the answer of the defendant, in which he denies all the allegations in the answer, which are inconsistent with the allegations of plaintiff's petition, and asks judgment. Fitzgibbons and Montgomery, attorneys for plaintiff.

Transcript Filed.

In the case of Frank Flora vs. Joe Priails and Carmen Priails, has been appealed from Justice W. F. Holton's court to the common pleas court.

Notice of Hearing.

In the case of the Baltimore and Ohio Railroad Co. vs. Frank E. Slabaugh, sheriff, the defendant has been given notice that the motion to the answer in this case will be pressed for hearing on Saturday, April 22.

Action to Quiet Title.

The Centerburg Building & Loan Association Co. has commenced suit in the common pleas court vs. the City of Newark and others, in an action to quiet title to certain lots in Erasmus White's addition in the west end. The lots are Nos. 2435, 2436 and 15 feet off the east side of lot 2437. E. S. Randolph and Flory & Flory attorneys.

Application to Transfer Funds.

The board of education of McKean township has filed a petition in the common pleas court in which it makes application to transfer $1000 from the tuition fund of the board of education to the contingent fund of the board. It says that it is necessary to make the transfer for the purpose of replacing the school house in sub-district No. 4, in McKean township, which was burned in March, 1911. E. S. Randolph, attorney for the petitioner.

Petition for Divorce.

Ella Johnson has commenced proceedings in the probate court for divorce from her husband, Jesse Johnson. The parties were married September 22, 1909. For cause of action the plaintiff says that ever since this marriage defendant has neglected and refused to provide her with a home, food or clothing, or with any of the necessaries of life. Plaintiff also charges defendant with extreme cruelty in applying vulgar epithets to her; that he threw an ax at her on the sixth of June, 1910, that he also assaulted her with an iron poker and threw a milk bucket at her. She says he permitted his mother to slap and strike her on a number of occasions. In addition she charges him with infidelity. She asks for divorce and reasonable alimony. NOBLEMAN WILL STUDY FOR RELIGIOUS WORK

New York, April 20.—From British baronet to expert rough rider with a wild west show, then moving picture actor at $10 per day, and finally janitor of a Salvation Army hall in Brooklyn at $7.50 per week, has been the experience of Sir Genille Kave, Brown-Kave.

Today he announced his resignation as vice president of the British Boy Scouts in order to enter the Salvation Army training college. He wants to be an officer of the Salvation Army and although over the age limit he hopes to be accepted.

His explanation is that he was recently converted after attending Salvation Army meetings for six days. He has been an officer in the British Army serving in China and in India.

Beware of Tight Cough.
Precedes Pneumonia.
Home Made Syrup Loosens.

You can make a simple laxative cough syrup which will loosen the tightest cough in one hour and cure any cough or cold in a very short time. Here is the formula:
Essence mentho-laxene .... 2½ Ozs.
Granulated sugar syrup ....13½ Ozs.
Make the syrup by using a pint of granulated sugar and a half pint of boiling water. Mix, stir and let cool. Then go to the drug store and buy a 2½ oz. package of Essence Mentho-Laxene (concentrated), empty it into a pint bottle and fill up with the syrup. Take a teaspoonful every hour or two as needed and you will soon be entirely rid of your cough and cold. This relieves and cures old people quicker and surer than anything ever heard of, and it is just fine for children, they like the taste so well.

DR. RHOADES WILL ADDRESS M. E. CLASSES

The most marked feature of the church life of today is the increased interest in Sunday school work. All the churches seem to be sharing in this great awakening. There are more people now intelligently studying the Word of God than in any other period in the history of the Sunday school movement.

The First M. E. church of this city has now the largest school in its history and is growing so rapidly that it is thought that the great capacity of the new church will soon be taxed. This work is to be recognized in the "Feast of Dedication," and a splendid program has been arranged for Thursday evening, May 18. The principal address of the evening will be delivered by Rev. B. F. Rhoads, D.D., of Moundsville, W. Va. Dr. Rhoads is perhaps the most widely known specialist in Sunday school work in this section of the church. He is now the teacher of one of the largest men's Bible classes in the state of West Virginia. He has chosen for his theme, "The Organized Adult Bible Class," and this is now a live subject in all the schools of the city. All Sunday school workers of the city are urged to hear this address.

CONCORD.

A letter has been received here from John Warrell, announcing the very sudden death of Wm. P. Price, a former resident of this neighborhood. His death occurred at his home at Tulare, S. D. on March 15. He was a member of Co. D, 22nd O. V. I.

Misses Verna Sines, Grace Kislingberry, Nita Collins, Millie Artz and Earl Sines attended the Boxwell examination at Newark Saturday.

ACTING YARD MASTER.

E. A. McDonnell, well known in Newark among the railroad boys, has been appointed acting yard master at Benwood, vice H. D. McKee.

EQUIPMENT ORDERS.

An order for 2,000 all-steel gondolas and coal cars, representing an outlay of $2,000,000, has been placed by the Pittsburg and Lake Erie railroad with the Pressed Steel Car company and the Car and Foundry company. The Chesapeak and Ohio has ordered 2,000 tons of rails from the Carnegie Steel company; the Cleveland, Akron and Columbus railway has ordered 10,000 tons of rails from the same company, and the Manilla railways have placed an order for 10,000 tons with the Lackawana Steel company. The Pennsylvania Steel company has received orders for 1,800 tons of rails, and the Maryland Steel company has sold 1,470 tons.

PASSAGE OF THE EDWARDS BILL.

A dispatch from Columbus says that the Edwards full train crew bill, which requires two brakemen on passenger trains of five cars or more, passed the House Wednesday and was sent to the Senate, amendments relating to qualifications being refused.

WILL NOT INSTALL TELEPHONES.

The intention of the Baltimore and Ohio railroad company to install telephones on the West Virginia and Pittsburg division has been abandoned, which means that the telegraph will probably remain the permanent method of communcation over the entire system. On the Parkersburg branch, where experiments have been made with the phone method for the last three months, the results have been so unsatisfactory that it has been abolished, although the most modern equipment was used.

FACTS ABOUT RED CEDAR FOR PRUDENT HOUSE BUILDERS.
Since olden times the beauty, magnificence and longevity of the cedar tree has been echoed in verse and prose. The cedar tree is often mentioned in the Bible. King Solomon's Temple was built with cedar timber because of its excellence. The cedar tree is referred to in the Old Testament as the emblem of prosperity, strength and stability. Only a few groves of the celebrated Cedars of Lebanon remain, some trees of which are thought to be 2000 years old.
The Arabs of all creeds have a traditional veneration for and reverently refer to the cedar tree as their saints. Oil of cedar distilled from cedar wood, together with other ingredients, was used by the ancients for embalming the dead.
The Ark of the Covenant of the Hebrews was made of cedar. Pliny, the great Roman orator and philosopher, describes cedar wood as everlasting, and says that for this reason it was used for making images of heathen gods.
With an eye to quality and durability, home builders everywhere are now calling for red cedar lumber in preference to other woods of rapid decay; and in order to meet this growing demand, the undersigned is now prepared to furnish red cedar lumber for house siding,cornice,shingles also in fence pickets posts, etc., as cheap as other wood of inferior quality.

A special price edition of the great unabridged Standard Dictionary has been issued in one volume, rich American Russia leather. It will be sold exclusively by subscription. Each volume is elegantly finished and absolutely complete, carries the latest copyright and contains every living word in the English language. It includes such late terms as **biplane, mimeography, rural delivery,** etc., etc., not to be found in any other other Dictionary on the market. When West, Colonel Roosevelt sent the editors of the Standard Dictionary three new Indian terms, only to find that they were already in this comprehensive work.

Now
Theodore Roosevelt Says:
"I should have known better—taken it for granted that the Standard Dictionary contains all words."
Mark Twain Said:
"I have found that one can do without principles, but not without the Standard Dictionary."
A. Conan Doyle Says:
"It has become quite a joke with us that we can not trip up the Standard Dictionary."

HEALTH AND BEAUTY NOTES

BY MRS. MAE MARTYN.

Mrs. Ruth O.: There can be no possible excuse for a woman of your age to neglecting her complexion. It is a duty you owe yourself to look as youthful and charming as possible. I would not encourage you to use face powder; it rubs off too easily, shows too readily and does no permanent good. The use of a good lotion made by dissolving four ounces of spermaxa in half a pint of hot water and adding two teaspoonfuls of glycerine will take away that coarse, sallow, oily look to your skin and make it soft, pink and youthful. This lotion is an excellent beautifier and whitener and will last longer than powder. It is splendid for cold sores, freckles, pimples and preventing chapping in the winter.

Virginia: Lack of exercise and eating too much solid food during the winter months account for your sallow, pimply complexion and loss of energy. What you need is a reliable system tonic and blood purifier. Try this: Dissolve an ounce of kardene in a half pint alcohol, adding one-half cup sugar and not water to make a full quart. Take a tablespoonful before each meal and in a short time you will feel like a new person. It will give you rich, red blood, fill you with energy and put the color and look of health into your face.

Sibyl H.: It is a shame for a girl of your age to have wrinkles. Try this complexion jelly and you will be surprised how it will clear your skin and smooth out those horrid wrinkles. This greaseless cream jelly can be made by mixing one ounce of almozoin with half pint cold water and two teaspoonfuls of glycerine. Stir and let stand over night. This makes a splendid and inexpensive cream jelly. It will clean the pores, keep the skin free from blackheads, and is splendid for chapped hands and face. I find it excellent for reducing the size of large pores in the skin, and for removing tan, freckles and certain types of pimples. I recommend it for massage purposes; it leaves the skin soft and smooth and contains no grease or oil to cause hair to grow on the face.

Anxious: To restore the former color and brilliancy to gray hair use the following: Dissolve a small original package of kambaine in a pint of cold water, then add two teaspoonfuls glycerine. Pour a little in a saucer and moisten the comb as you comb your hair at night, and in a short time your hair will have assumed its original color. After the desired shade is reached use only once a week. The kambaine solution is not a dye. It is entirely harmless and using it will not discolor the scalp or bed linen, while the hair takes on a rich even shade and is soft and easy to do up. Your druggist may charge a dollar for kambaine, but it is worth it.

Isabel R.: Don't be discouraged because your hair is dull, faded and streaky, as you can restore its youthful, glossy blonde tint if you steep an ounce of marlax in a pint of water. You should first wash your head with canthrox, rinse and dry, then wash with the marlax tea, rinse again and dry carefully. Do this, and at little cost and effort your hair can be kept a light, golden shade without the least possible danger to hair or scalp.

Mrs. Edith: You can rid the chin of that fuzzy growth without resorting to the painful electric needle if you get from your druggist an ounce of powdered delatone and with a little water mix into a stiff paste enough to cover the offending hairs. Spread on thickly and let remain two or three minutes, then rub off and wash the skin and you will find the hairs are gone. While delatone is a trifle expensive it does the work quickly and seldom requires a second application.

Miss B. K.: The worry and bother of wearing hair-nets and veils to make your hair stay up and conceal that dull, straggly, unkempt appearance you speak of could easily be avoided if you would stop shampooing with soap. The alkali in soap irritates the scalp, makes the hair streaked, dull, coarse and brittle. If you will shampoo every two weeks with a teaspoonful of canthrox dissolved in a cup of hot water, your hair will always be light, fluffy and easy to do up, besides looking decidedly neat. This shampoo lathers abundantly, dries quickly, stops itching scalp and cleanses as no other shampoo will. The luxury of extreme cleanliness of the scalp which comes from the use of this shampoo has made it so popular that many of the best hairdressers now use it exclusively. It is inexpensive and can be bought at any drug store.

S. D.: Yes—nothing is a more important factor in a beautiful face than bright, clear, youthful eyes. You should use regularly a good eye tonic. Get an ounce of cryatos; dissolve it in a pint of water and use two or three drops in each eye daily. It will clear and strengthen your eyes, remove all signs of weakness and inflammation and make them bright and sparkling. For weak, dull, expressionless eyes I think this tonic simply wonderful. It is very soothing and is fine for those who wear glasses.

E. B. S.: Although gray hair is sometimes caused by worry, it is generally due to a diseased scalp as indicated by such symptoms as dandruff, itching scalp and brittle, falling hair of which you speak. To restore your scalp to a healthy condition, first keep it clean by shampooing every ten days or two weeks with canthrox, then massage the scalp, using a good quinine hair tonic. You can prepare the tonic yourself by adding one ounce of quinzoin to a half pint of alcohol and a half pint of cold water. This is much better than most ready-prepared hair tonics, as it contains nothing to make the hair coarse, sticky or stringy. It will remove the dandruff and stop your hair from coming out. You will find it an ideal dressing for the hair and very refreshing to an itching scalp.

Mrs. L.: What a shame to have wasted so much money in vainly trying to get rid of your fat. I have a formula that some of my close friends have tried with marvelous success. Here it is: Dissolve four ounces of parmotis in 1½ pints hot water; when cold strain and take a tablespoonful of the liquid before each meal. This remedy will not injure your health or force you to starve yourself in order to get back to your comely figure. It cuts down fat rapidly, is not expensive and will surely help you.

The girl who spends her time before a mirror must expect to have reflections cast upon her.

FRECKLE-FACE

New Remedy That Removes Freckles or Costs Nothing.

Here's a chance, Miss Freckle-face, to try a new remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles, while if it does give you a clear complexion, the expense is trifling.

Simply get an ounce of othine — double strength, from W. A. Erman & Son, and one night's treatment will show you how easy it is to rid yourself forever of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask W. A. Erman & Son for the double strength othine as this is the only prescription sold under guarantee of money back if it fails to remove freckles.

GRANVILLE

Granville, April 20.—While towns all around Granville are engaged in cleaning up and beautifying, it seems as if it was high time Granville was doing something in this line. While the village is one of the cleanest and best kept of any town of similar size in the state, still the winter accumulations of dirt make it imperative that something be done to put the town in good sanitary condition, and now is the logical time to do it. Clean streets, alleys and yards now, mean a low sick and death rate later on and a great decrease in infant mortality. Now is the true time to begin the campaign against the pestiferous house fly. Clean yards, stables and alleys mean that the little pest will be few in numbers this year and it is easier to prevent their original existence than it is to kill them after they have once begun their fecund breeding for the summer. Start cleaning up in your neighborhood and the example will spread. If some neighbor is putting jeopardy on the health of the locality by carelessness and ignorance he is a wrongdoer and should be gone after. Health is more important than property. Let the spirit be for a clean and sanitary town. While Granville has always been a model town for cleanliness there is still room for material advancement.

At a recent meeting of the faculty it was voted to declare a half holiday for Friday afternoon of the Festival, May 19, in order to allow the Symphony concert to begin at 2:30 o'clock. The literary societies have all agreed to suspend their meetings for that evening, realizing the importance of the festival, and everything points to a big success. The conductor of the St. Paul orchestra, Walter H. Rothwell, who took the orchestra at the beginning of its third season, is well known as the conductor of the first performance, in English of "Parsifal" and "Madame Butterfly" by the Savage company. He had charge of not only the music, but of the staging as well, and the "Parsifal" production was unanimously praised by critics in New York and Chicago.

The annual spring meeting of the trustees of Denison University was held on Wednesday, with a full attendance of the board. A number of matters of importance came up before the board for consideration and were referred to committees some of which will not report until June. The proposed increase in semester fees for the benefit of athletics was placed in the hands of a committee of which Judge B. F. McCann of Dayton is the chairman. It is understood that no decisions were reached in other questions of general interest.

Miss Margaret Willison, a charming young woman of Hillsboro, O., who has been visiting friends here for the past several days, returned home Thursday, after having had a most enjoyable visit.

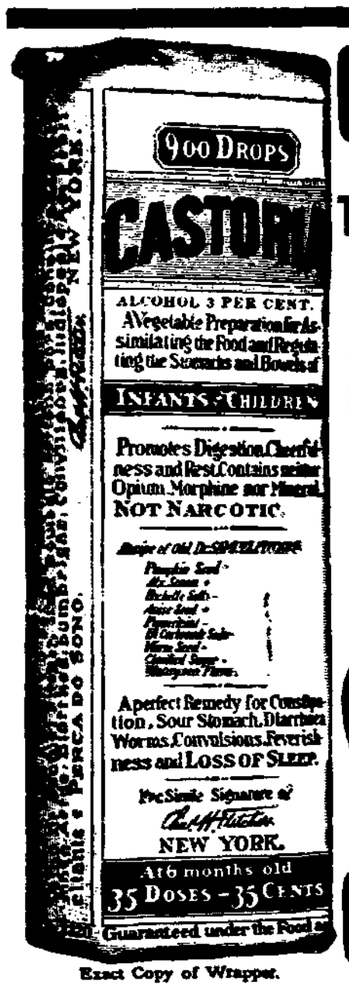

Denison will send a representative to Columbus on Friday, April 21, to attend a convention of Democratic college clubs, which will be held in that city on that date for the purpose of forming an active state organization. On the evening of that date a banquet will be held at which Governor Harmon and other prominent Democrats have agreed to be present.

The annual banquet of the C. L. Herrick Geological society of Denison University was held at the Buxton House on Tuesday evening of this week, and was a most enjoyable affair. Covers were laid for forty-two guests and at 7 o'clock all gathered around the festive board to do justice to the feast that had been prepared. At the conclusion of the banquet a feast of reason and flow of wit was had, with H. L. Diebel acting as toastmaster. Toasts were responded to as follows: "Clouds," H. A. Nixon; "Rivers," R. B. Stevens; "The Sea," G. B. Williams; "Fosils," K. H. Eschmann; "Fool's Gold," Prof. C. D. Coons.

At the last meeting of the Philomathean society the following program was carried out: Chaplain's exercises, Esther Cook; "Short History of Holland," Alta Baldwin; "Renowned Men of Holland," Judith Nichols; recitation, Lily Belle Sefton; piano solo, Katherine Mack.

Mr. and Mrs. H. F. Williams of Columbus, who have been visiting relatives here for the past few days, returned home Thursday.
